## Opportunities

Minnetonka High School (MHS) offers a rich curriculum—across all departments and signature programs—that provides pathways to personalized learning and success. Students enjoy courses that bring deep levels of engagement through real-world learning, mentorship, and collaboration.

## Passion

Minnetonka students learn by exploring! They discover their passions by being involved in the *Four A's*: academics, arts, activities and athletics. In the classroom, students realize their passion and interests through a range of options from AP and IB, Minnetonka Research and VANTAGE, to Trades, Arts, and Tonka Online courses.

## Support

The MHS team is committed to meeting students where they are and bringing them to the next level of learning with support and care. When considering options for next year, investigate programs, ask questions and look for guidance from teachers, counselors, and staff that will lead to intentional decisions. Consistent support is the cornerstone of MHS, with many programs in place to help students succeed and graduate with an exceptional high school experience.

## Experience Minnetonka

Grades 8-11 • Students & Families • Feb. 11, 2020 • 5:30-8 p.m.

Experience Minnetonka is replacing the Curriculum Fair! At this open-house-style event, students and families can learn more about department and signature program offerings in the actual classrooms, labs and learning spaces. When you arrive, you will receive a schedule of presentations and experiences throughout the school. Meet staff and students, ask questions, and get excited about next year!
